OFFICE OF THE DIRECTOR OF GEOLOGY IN MYSORE, BANGALORE.

Notification dated ... 1947.

Mining of 1,500 tons of Kaolin at Arjunabettahalli (Nelamangala Taluk); 500 tons of felspar at Krishnapur (Holenarsipur Taluk) and transporting the same from minehead to the Holenarsipur, Railway Station, including loading into waggons and 300 tons of Quartz at Peenya (Bangalore North Taluk) and supplying the same to the General Manager, Government Porcelain Factory, Malleswaram Post, Bangalore.

No. G.... Notice is hereby given that the above quantities of minerals are to be mined at the respective places noted above under the supervision of this Department and to be supplied to the Government Porcelain Factory, Bangalore.

Sealed tenders from intending contractors for the above work will be received at the office of the undersigned from 12 NOON and up to and not later than 3 P.M. *on Monday the 14th July* 1947, when the tenderer should also deposit an earnest money of Rs. 200 for each of the mineral he intends mining for the due fulfilment of the terms of contract which will be returned if the tender is not accepted.

Each tenderer should send his lowest quotation per ton, in a sealed envelope addressed to the Director of Geology in Mysore, Bangalore and superscribed "Tender for the Mining and Supplying of Kaolin, Felspar and Quartz". The name of the tenderer should be superscribed on the top of the cover.

Tenders will be opened by the undersigned at 2-30 P.M. on 14th July 1947, when the tenderers should be present. The successful tenderer will have to execute a bond stating that he will fulfil the terms of contract during the period of contract. If the successful tenderer either fails to execute a bond and to take up the contract or fails to fulfil the terms of contract after executing the bond, his deposit will be forfeited to Government and fresh tenders called for; any loss to the Government thereon will have to be paid by the party concerned.

The Director of Geology reserves to himself the full right to accept or reject any tender without assigning any reason therefor. Further details, if any, required in this connection may be got from the Office of the Director of Geology.

The period of contract is for the official year 1947-48.

The mining work shall be carried out in strict accordance with the rules in force relating to open cast method and all the instructions issued by this Department from time to time on the technical side of the work, shall be strictly adhered to.

As far as possible, the local labour shall be encouraged by employing them for the mining work.

The mined materials shall be regularly stacked in the mine-yard affording facilities for transport.

The measurements of the stocks of minerals will be taken in the presence of the contractor or his representative before an officer of this Department, together with the representative of the Government Porcelain factory and delivered to the representative of the said Factory. Such measurements will be taken as final for the settlement of the bills.

The delivery at pit's mouth will be calculated at 27 cubic feet per ton in respect of Kaolin on volume basis. In respect of Quartz and Felspar, the quantity as weighed at the Government Porcelain Factory, after taking delivery, will be taken for the payment of the bill of the contractor.

The cost of the material delivered shall be claimed by a bill, in duplicate, which will be paid by this office after due verification of the quantity delivered.

In respect of Krishnapur Felspar, the tenderers will have to quote their rates per ton, which should include the mining cost, the transportation charges from the minehead to the Holenarsipur Railway Station, and loading the material into the waggons.
